## Union County Division of Public Health Immunizations

The mission of the Union County Division of Public Health is to promote health, prevent disease and protect the health of the community. Our prevention based community outreach program will provide on-site services to business and industry, Union County Schools, colleges, and the faith community. We can offer numerous immunizations, titers, tests, screenings, and educational presentations on health, wellness and hygiene.

If you have employees, students, staff or congregation members that travel internationally we can provide the necessary immunizations to accommodate the travel.

Vaccines	Cost per injection **	Number of injections	Booster	International Travel Requirement
Hepatitis A (Adult)	\$89	2 shot series	NA	Yes
Hepatitis A (Peds)	\$47	2 shot series	NA	No
Hepatitis B	\$84	3 shot series	NA	Yes
MMR	\$101	2 shot series	NA	Yes
Polio	\$59	1 shot	NA	Yes
Td	\$36	1 shot	@ 10 years	Yes
